CAREER OBJECTIVE

As an ambitious computer science undergraduate student, I am eager to gain exposure to the industry and build a foundation of knowledge and skills in software development. With a strong interest in UI/UX design, I am seeking an entry-level opportunity to work in the computer science industry and contribute to a dynamic, tech-oriented environment.

QUALIFICATIONS

- Proficient in **Agile Development** methodologies, with experience working in **Scrum teams**.
 - Comfortable using **Git/Github** for **version control** and collaboration on software projects.
 - Experienced in programming languages **Java** and **C**.
 - Strong understanding of **data structures** and the ability to use them effectively.
 - Proficient in writing **test suites** and **unit testing**.
 - Familiar with **UNIX-based operating systems**, including 2 years of personal experience using **Linux**.
 - Well-versed with Office Suites, such as the **Microsoft Office Suite**, **Google Workspace**, and **LibreOffice**.
 - Skilled in photo and video editing using **Adobe Photoshop**, **Illustrator**, and **DaVinci Resolve**.
 - Conversationally proficient in **Spanish**, Received **Seal of Biliteracy** in High School.
-
